

LIFTING TECHNOLOGY

MOBILE COLUMN LIFT

MCL 22
VP 451086

MCL 22
VP 451086

The low-maintenance, electro-mechanical drive system of the MCL 22 ensures extremely smooth running while the excellent mechanical rigidity of the columns guarantees safety and the ability to function in any condition. A high-quality worm gear motor enables precision height positioning without overrun. Column communication is via connecting cable or wireless connection, the power supply via mains power or batteries. Thanks to the lift's overall streamline design, it is ideal for sites with restricted space.

ACCESSORIES

VZ 971179	Removable Mechanical Dolly, MODEL: MFR-2	VZ 971289	Support Plate APV II -Squarefor Support Stand AB 6-07/12/20
VZ 971181	Hydraulic Pallet-Type Fixed Dolly, screwed onto post MODEL: MFP	VZ 971290	Support Plate APVV II -Squareadjustable, for Support Stand AB 6-07/12/20
VZ 971305	Insertion Paws EP 5 Wheel for Small Tires (2 pcs.)	VZ 971168	Screw Adjustment SP 75 for AB 6-07/12/20 Support Stands
VZ 971286	Cable Remote Control KFB2 for Mobile Column Lift	VZ 971310	Crossbar for Support of SemiTrailers with 2 King Pin
VZ 971164	Support Stand AB 6-07, lifting capacity 7500 kg, adjustment range 470 - 795 mm (each)	VZ 971546	Transverse Beam TR8 32 Load capacity 8t
VZ 971165	Support Stand AB 6-12, lifting capacity 7500 kg, adjustment range 875 - 1395 mm, mobile	VZ 971347	Transverse Beam TR10-32 Load capacity 10t
VZ 971166	Support Stand AB 6-20, lifting capacity 7500 kg, adjustment range 1200-1965 mm, mobile	VP 451103	Single MCL Post (MAHA) -SUBSEQUENT DELIVERY Lifting capacity 5500 kg
VZ 971287	Support Plate APR II -Roundpluggable, for Support Stand AB 6-07/12/20		
VZ 971288	Support Plate APRV II -Roundadjustable, for Support Stand AB 6-07/12/20		

SUPPLEMENTARY CHARGES

VT 995698	Transportkosten 4 Einzelsäulen inkl. Verpackung
VM 996077	Installation costs for mobile column lifts
VV 997570	transport cradle for horizontal position
